Wait! What is an impact story?

What is an impact story?

An example of how you have **effectively represented student voices**.

An example of **working collaboratively** with a Course Leader, Dean or UAL staff member for better academic representation.

Examples could be from: Course Committees, individual meetings with students/Deans/Course Leaders, Student and Dean Forums.

HELP!

Where do I start?

Your impact story submission should be a **paragraph** summarising **how** you have made an **impact** as a Student Rep.

Use the **STAR method** to structure your Impact Story.

What STAR stands for

Situation - the situation you had to deal with

Task - the task you were given to do

Action - the action you took

Result - what happened as a result of your action and what you learned from the experience

[Click here](#) for more information on the STAR method.

Can I see

an example?

As a Fashion Business School Rep, I gathered feedback from the cohort on work opportunities.

Students felt that professional development opportunities weren't specifically tailored for Fashion Business students. I initiated a meeting with other School Reps and the Dean of School to address this issue. Working collaboratively we redesigned these opportunities to ensure future work opportunities were relevant for Fashion Business students.
